Trustees or committee members with such conflicts of interest shall disclose them to the board in writing and recuse themselves from any discussion, participation, or deliberation in the matter.

Failure to disclose a conflict of interest or recusal will result in a timely hearing by the board to vote to determine if the board or committee member should be removed and for how long based on the severity of the issue. Board members will be removed as stated in Section 4 of Article IV and committee members will be removed by a simple majority vote by the board of trustees.

SECTION 1. The members of the corporation shall be liable for the payment of such charges or assessments as may from time to time be fixed and levied by the Board of Trustees pursuant to the provisions of said Articles and By-Laws. The amount of such charges including water levied upon the several parcels of land and the owners thereof, shall in no event exceed in any one year the sum of twelve (12) monthly payments of sixty three dollars (\$63.00) per lot and any additional ownership of a portion or portions of additional lots as prorated accordingly. Provided that the owners of contiguous full or partial lots, one of which must be undeveloped, may merge not more than two lots into one. The merged lots will be assessed at 1 1/2 times and considered one lot, and only the newly created lot will be provided utilities (sewer and water), by CBHA in the future. Such a designation will be completed by December 31st of each year in order to have the assessment apply in July of the following year. Such merger must be verified by a formal boundary line adjustment with Thurston County and shall not be changed back in the future. A formal copy of the merger by the county must be filed with the CBHA office by December 31st.

Unless otherwise noted, the fund created by the assessment approved within this section shall be a dedicated fund, with expenditures authorized exclusively for the maintenance and operation of the CBHA, exclusive of the marina and the wastewater collection and treatment system.

The Board shall cause to be prepared a yearly Capital Fund Budget for purchasing new assets or extending the life of existing assets. Expenditures for capital improvements shall be financed from the Capital Fund. Revenues for the Capital Fund are derived from three sources:

- (2) A monthly assessment of ten dollars (\$10.00) to finance unrestricted capital expenditures; and
- (3) A monthly assessment of twenty six dollars (\$26.00) to finance Capital Reserve Project as identified in the CBHA Reserve Study. Expenditures for Capital Reserve Projects which exceed \$20,000 shall first be approved by an affirmative vote of CBHA members in accordance with Article V of the CBHA By-Laws.

These three Capital Fund revenue sources are monthly assessments per lot, including all materially affected lots, as defined in Article IX, Section 1.

The Capital Fund Budget shall finance all Capital expenditures for the General, Sewer, and Marina Funds.

Further, the Board of Trustees shall fix and levy those properties identified and designated as being materially affected by the landslide the reduced sum amount of one hundred dollars (\$100.00), in any one year, per lot and any additional ownership of a portion or portions of additional lots as prorated accordingly. The effective date for the reduced sums shall be July 1, 1999.

The determination of materially affected shall be defined as a designation of real property determined to be uninhabitable by the Thurston County Health and/or Engineering Departments due to a landslide or other similar natural disaster.

The Board of Trustees shall review each property listed as materially affected on an annual basis for determination of the continued assessment in the reduced amount of One Hundred Dollars (\$100.00). Should the Board of Trustees find that the property is no longer materially affected, then the levy amount for the property shall be reset for the following year pursuant to amounts identified in this section.

SECTION 2. Utility charges shall be charged against the owners of the several parcels according to a fee schedule adopted by the Board of Trustees which schedule shall be based on the amount of private usage of such facilities. Utilities and other Association services, including water, sewerage, storm water drainage, road repair, weed/grass control, etc., shall in all cases be limited to the platted lots of the Carlyon Beach Homeowners Association, Divisions I and 2. Specifically, extensions of any CBHA service to a non-CBHA lot or extension of a non-CBHA service to a CBHA lot is strictly prohibited. Revenues derived from user fees paid by individual CBHA shareholders for services or benefits not financially supported by assessment shall create funds dedicated to the purposes for which the payments are made. Two such funds are the Marina Fund and the Wastewater System Fund. Revenues derived from any other source shall be expended only pursuant to Article VI, Section 7, except that by an affirmative vote of at least 5 trustees, such funds may be transferred in part or in their entirety to the CBHA maintenance and operation Fund.

SECTION 3. Charges and assessments against all members shall be levied by the Board of Trustees at a uniform rate per lot and any additional ownership of parts of additional lots as prorated accordingly without distinction or preference of any kind, except as specifically provided for in these By-Laws. All charges or assessments, when collected by the corporation, shall remain the property of the members until such time as charges or assessments are expended pursuant to the Articles of Incorporation and the By-Laws of the corporation, or to pay delinquencies on loans approved by the membership.

SECTION 4. Whenever assessments in this Article IX are levied, each member shall pay the full amount of such assessment to the corporation at its office by July 31 or shall pay a monthly payment of twelve (12) equal monthly installments, July 1 through June 30 of the fiscal year. If, as of July 31, the assessment is not paid in full or if the monthly payment is delinquent at any point during a fiscal year, such assessment shall be subject to interest at the rate of twelve percent 12% per annum from that date; and the amount of such assessment, together with all expenses, interest, attorney fees and costs reasonably incurred in enforcing the same, shall be paid by the member and shall be a lien upon said land and the membership appurtenant thereto, superior to any and all other liens (except as noted in Section 5 of this Article) created or permitted by the owner of such land and enforceable by foreclosure proceedings in the manner provided by law for foreclosure of mortgages or deeds of trust upon land.

A. For the 1991 assessments and those thereafter the following procedures shall be implemented by every Board of Trustees of the corporation.

1. The initial July statement shall contain the following message: Full payment is due by July 31 or in 12 equal monthly payments beginning in July of each fiscal year. If payment in full is not received by July 31 or if a monthly payment of one twelfth of the full Annual Assessment is not paid each month beginning in July of each fiscal year members will be mailed a water shut off notice the following month". If a member fails to bring their account current a legal lien will be placed upon their property. Delinquent member accounts shall be charged a monthly finance fee of an interest rate of (12%) per annum. (See the collection process in "B." below.)
2. Every member who has a delinquent account shall be subject to collection procedures. . All legal costs shall be borne by the delinquent member.

B. See "Enforcement" at the end of Section II Administration of the Rules and Regulations.

C. The Board shall have the authority to:

- (a) Enact late charges for the late payment of fees for services, regular and special assessments, and other charges owed by members to the Association.
- (b) Assess costs of collection, including but not limited to legal fees and collection agency charges, incurred in attempt to collect fees, assessments and other amounts owed by a member to the Association.

SECTION 5. First mortgage liens placed upon any of said tracts which are recorded in accordance with the laws of the State of Washington shall be from the date of recording such superior to such assessments and the liens resulting therefrom as are levied by the corporation subsequent to the date of recording the first mortgage; provided, however, that the corporation is notified in writing of such first mortgage within thirty days after it is recorded.

SECTION 6. Special charges and assessments in addition to those charges and assessments identified in Section I above may be levied if approved by a majority of members casting valid votes for the specific purpose of corporate improvement and/or capital investment as identified and described to the membership. The dollar amount of such special assessments shall be carefully controlled by members voting for or against the proposed special assessment(s) as directed in this section. Any fund created within this Section by an approved special assessment shall be a dedicated fund, with expenditures made only to achieve the specific purposes for which the fund was created.

SECTION 7. Pursuant to Sections 4, 4A, and 4B of this Article, neither the Board of Trustees nor any employee of the corporation is empowered to enter into a trust agreement, promissory note, or any other legal document that establishes between the Association and a member a creditor-debtor relationship.

ARTICLE X
Property Maintenance Responsibility

SECTION 1. All members shall have a reasonable right to light, view, air, and a safe, healthy environment. Every member shall be required to maintain his/her property in a manner that does not infringe upon the rights of their neighbors and/or fellow members. Whenever two or more written complaints from members are received by the board regarding a perceived violation of the letter or intent of this Section, the Board of Trustees shall be empowered to investigate such complaints. When a trustee makes a written complaint, the trustee will not be involved in the investigation nor participate in discussion or any votes the Board of Trustees might undertake in this matter.

SECTION 2. No planting of trees, shrubs, or other forms of growth of any kind shall be allowed on any property which will deny other property owners their right to reasonable light, view, and air.

To preserve and enhance the aesthetic character of the community and to minimize erosion and surface ground water runoff, the following are required:

- A. Undeveloped lots are not to be bulldozed or cleared for planned or speculative future development without a permit. Clearing may occur with a permit for construction of a residence or other approved activity. A request for land clearing or tree removal should include a plot plan showing which areas are to be cleared and which areas or trees are to be preserved.
- B. For new development, the minimum tree density required is approximately 1 tree/1500 square feet of lot size. The required number of trees can be reduced by preserving existing trees. For example, a tree with an existing trunk diameter of 14" is equivalent to 2 newly planted trees. The complete specifications of this requirement are available at the CBHA office or website and are included in the building permit packet.
- C. For existing homes, no permit is required to remove a tree if the minimum number of trees is maintained. Variances to this rule may be granted by the Board of Trustees or a designee to meet the expectations of Section 2 (reasonable light, view and air).
- D. Tree removal may be allowed if the trees pose an immediate danger or have been determined to be hazardous by a certified arborist.
- E. Nothing in this section shall be deemed to impose any liability upon CBHA or any of its officers or employees, or to relieve the owner of any private property from the duty to keep in safe and healthy condition the trees upon their property.

SECTION 3. The Board of Trustees shall have full authority through such committee or representative as the board shall designate to maintain the Carlyon Beach Homeowners Association's wastewater treatment plant(s) and to do all things necessary to keep the Association in compliance with such duly adopted federal, state and county water quality and health regulations as may now exist or hereafter be enacted. In furtherance and not in limitation of this power, the board through such committee or representative may with prior notice if feasible but without notice if necessary, enter upon any lot for the purpose of inspecting the wastewater/sewage system of said lot and/or pumping out the septic and/or holding tank thereon. The owner(s) of said lot(s) shall pay the actual costs and charges associated with such pumping. An owner whose wastewater/sewage system is determined by inspection or by accumulated evidence to be not functioning as intended by design or to be in violation of county or state regulations shall be so notified by certified mail (with return receipt) and shall within thirty (30) days of such notification take action to assure that the specified problem(s) is solved within sixty (60) days of said notification. An owner's failure to take action as prescribed in this section shall in effect authorize the board to initiate and supervise essential repairs or replacements, with the owner being assessed the actual costs incurred.

- A. Every member shall be responsible for conserving the corporation's freshwater supply by maintaining a freshwater system free of leaking pipes, faucets, valves, etc. This shall include reduction in outdoor water use for watering lawns and washing cars if an emergency water

warning is deemed necessary and issued by the Board of Trustees. An owner whose water system is found to be defective is responsible for making immediate repairs. An owner's failure to take immediate action when faced with a water leak will authorize the board to initiate and supervise essential repairs, with the owner being assessed the actual expenses incurred. Furthermore, the board is herein authorized to assess absentee owners for the actual costs of emergency repairs performed by the association.

ARTICLE XI

Audit

SECTION 1. The Board of Trustees shall cause a full audit of that year's fiscal activities to be conducted. All audits shall be conducted by an outside independent CPA firm. The report from the CPA shall be presented to the general membership at a regular board meeting within 60 days of receipt, be reported in the Newsletter, and be available in its entirety in the Association office for any member review.

ARTICLE XII

Amendments

SECTION 1. These By-Laws may only be amended at any regularly called annual meeting or special meeting of the membership upon an affirmative vote of a majority of members voting in person or by absentee ballot, if there is a quorum present in person at the beginning of the meeting.

ARTICLE XIII
