President’s Message. Throughout November work will continue on the Water Distribution System. The well drilling is complete, and we are waiting for the results of the water samples and permitting from the Washington State Department of Ecology for approval to connect to our existing water system. The telemetry system, which turns the well on and off, has been completed and can be operated remotely. Work has begun on the meter installation throughout the community and will continue until completed. There have been requests for community education in a variety of areas that affect us all such as: How to Coexist with the Wildlife in our Neighborhood, What are the Best Types of Plants to Use in our Yards and Community Areas, and a word from the Sheriff and the Fire Chief about safety. Watch for community meetings that will be scheduled after the first of the year. If you have any suggestions about topics you would like to see presented, please call the office (360) 866-0717, and let us know.

I wish you all a safe and healthy Thanksgiving!

CBHA'S ANNUAL FOOD DRIVE.

Once again, we are having our annual food drive. Carlyon Beach has always been a big contributor to the food bank at the church down the road from CBHA. This food bank is part of the Olympia food Bank but the church helps our peninsula with food and many other things as well. This year they would like our donations taken to them **Tuesday November 14th**. They will take **diapers, baby food** and even **pet food** as well as **canned and packaged food**. Please bring all donations to the clubhouse and the Events Group will take them on **November 14th**. Thank You for continuing our caring and giving spirit!
